OFFICE POLICIES

MINORS:

Patients under the age of eighteen (18) are required to have a legal guardian accompany them to ALL office visits. Each patient has an individual account at this office. In the case of divorce or separation, the party/parties responsible for the account prior to the separation will remain responsible for the account. After a divorce or separation, the parent authorizing treatment for a minor will be the responsible party for all charges incurred during that office visit. If the divorce decree requires the other parent to pay part/all of the costs, it is the authorizing parent's responsibility to collect monies from that parent.

INSURANCE/BILLING:

Co-pays, deductibles, co-insurance and previous balances are due at the time of your office visit. Private pay patients are expected to pay in full at the time of all office visits. If you have any questions regarding your bill, please ask our receptionists or billing department about our payment plans or financial assistance.

Balances not paid in full within thirty (30) days will be considered delinquent and we reserve the right to transfer the account to our in-house collection department or a third-party collection agency (this may affect your credit score). If your account is turned over to collections, you will need to contact Evergreen Financial Services at (509) 943-2224 to make payment arrangements before you are seen at our office again.

Our office will courtesy bill most insurance companies even if we are not a contracted provider. Insurances that will not be courtesy billed include: Any state insurance, DSHS (Washington State Department of Social & Health Services), Community Health Plan of Washington, Care of Oregon or Columbia Community Care.

If you are currently in a "home health episode" and have any lab work done at our office, you may be personally responsible for charges. This office processes all biopsy specimens in-house through a CLIA certified histology lab. The slides are read and signed by Dr. Robert Hopp, who is a board-certified dermatologist with over forty years of dermatopathology experience. Occasionally, these specimens are sent to a third-party for a second opinion. There is a separate charge generated for this review that is billed the consulting provider.

STANDARD OF CARE

It is the standard of care for the office to record the patient visit, photograph important skin finding, and to update the patient's medications from their pharmacy. This information will only be kept in the patient's clinical file where it is protected by HIPPA regulations.

This notice describes how information about you as a patient of this practice may be used and disclosed and how to access your health information. This is required by the Privacy Regulation created as a result of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Our practice is dedicated to maintaining the privacy of your health information. We are required by law to maintain the confidentiality of your health information. We realize that these laws are complicated, but we must provide you with the following important information.

The following circumstances may require us to use or disclose your health information:

2. **To obtain payment:** We may include your health information with an invoice used to collect payment for treatment you received in our office. We may include your health information with insurance forms filed for you by mail or sent electronically. We will make every attempt to work only with companies with similar commitment to the security of your health information.

PATIENTS WITH MEDICARE: PLEASE READ AND SIGN

Medicare will only pay for services that it determines to be "reasonable and necessary" under section 1862(1)(1) of the Medicare Law. If Medicare determines that a particular service, although it would be otherwise covered, is not reasonable or necessary under Medicare program standards, Medicare will deny payment for that service which does not mean that you should not receive it. There may be a good reason why it is recommended.

Each calendar year Medicare sets a deductible that is the responsibility of the patient. After the year's deductible has been met, Medicare will pay 80% of the allowable charges. If you have a secondary insurance through one of the following companies, you may not be responsible for your deductible or coinsurance: Premera, Blue Cross, Asuris NW Health, Lifewise, First Choice Health, United Health Care, Uniform Medical, Cigna. Medicare may send your claim on to your secondary insurance, but you must set up this service with Medicare.

Therefore, I agree to be personally and fully responsible for payment. I request that payment of authorized Medicare benefits be made for any services furnished. I authorize any holder of medical information about me to be released to Health Care Financing Administration and its agents for any information needed to determine these benefits payable for related services. I understand that Medicare may pay only the Center for Excellence in Dermatology for reimbursement of charges incurred at this office.
